#PG-515

18.0mil Satin White Poly-Cotton Canvas (380gsm)

PG-515 is a 18.0 mil satin white poly-cotton 2:1 weave canvas fabric composed of 35% cotton and 65% polyester with 380gsm. PG-515 is ideal for high-end photo and fine art reproduction. This satin canvas offers the highest dmax levels and widest range color gamut when used with photo black inks. PG-515 offers a crack resistant coating and no coating/varnishing required, which increases production efficiency. This product can be used in eco-solvent (PG-515 is not designed for standard solvent), latex, and UV-curable wide format digital printing. Common applications for PG-515 include: museum & gallery prints, home decor prints, photo reproduction, gallery stretched gicleés, framed art, and more.
