

Technical Data Sheet:

#PG-516

18.0mil Matte White Canvas (366gsm)

PG-516 is a 18 mil matte white canvas fabric composed of 35% cotton and 65% polyester and weighs 366gsm. PG-516 is ideal for high-end photo and fine art reproduction. This matte canvas offers the highest dmax levels and widest range color gamut when used with photo black inks. PG-516 offers a crack resistant coating and no coating/varnishing required, which increases production efficiency. This product can be used in eco-solvent (PG-516 is not designed for standard solvent), latex, and UV-curable wide format digital printing. Common applications for PG-516 include: museum & gallery prints, home decor prints, photo reproduction, gallery stretched gicleés, framed art, and more.

Product Number	#516
Film	
Material	38% Cotton, 65% Polyester, & 2:1 Weave
Finish	Matte
Film Thickness (mils)	18.0
Film Weight (gsm)	366
Gloss (60°)	3
Whiteness	82 (CIE Ganz)
